Name of Utility Co.: UNS Gas, Inc.

Docket you wish to Comment on: Application for Rate Increase by UNS Gas, Inc.

Docket Number: G-04204A-06-0463

Position on Docket: CON

I am against any additional rate increases. The proposed increase per residence would amount to \$120 per year. Gas cost are currently very high already, especially in winter when gas bills range from \$300 - 500 per month. The additional increase will be an additional burden on residential customers. The consumer is being asked to pick up the tab for all of the energy companies, while they continue to report record profits. Companies need to look at ways to become more proficient without passing along additional costs to the consumer. Many companies of late increase cost incredibly, only to give huge bonuses to executives at the top of the Corporation. This has got to STOP! I would appreciate your vote in favor of the consumer on this one. A 21% increase is excessive!!!
